Authority for Expenditure of \$ 3636.00 is requested for purpose of providing temporary bunk-
houses & toilet facilities to property at Pocatello, Idaho.
(Station or Location)

Description of project:

Construct three 9' x 40' temporary portable bunkhouses and equip one with toilet facilities.

Recommendations:

Local labor is exhausted at Pocatello, necessitating our importing Mexican Nationals to augment our forces.

Present facilities, to accommodate both Car & Ice Plant forces, consist of 9 bunkhouses to sleep 72 men, 4 toilets, 2 showers, 4 urinals and 2 lavatories. During peak operations combined forces of the two departments are 98 men.

Bannock County Health/unit requests additional toilet facilities be installed and in line with Idaho practice of 8 men per house we will require additional bunkhouses.

To comply with minimum requirements propose to install three temporary bunkhouses; one equipped with 4 toilets, 6 lavatories, 2 urinals, 4 showers and 1 water heater. Based on 8 men per house for 11 houses we can accommodate 88 men, however, as the peak of 98 men are required only for a two month period we will be allowed to house 9 men per house during this period, thereby providing for 99 men.

As facilities will not be required after the duration charges are properly applicable to operating expenses as shown.

(Not included in 1945 budget.)
